1. INTRODUCTION

1.1. Background

Since its setup in 2009, the Eastern Partnership Civil Society Forum (EaP CSF) has asserted itself as a key stakeholder in the implementation of the EaP policy, reflecting a unique model of self-organisation of civil society at the regional level. The EaP CSF brings together CSOs from the six Eastern Partnership (EaP) countries (Armenia, Azerbaijan, Belarus, Georgia, Moldova, and Ukraine) and EU-based CSOs active in the EaP region, providing a platform for experience-sharing and partnership building. The EaP CSF works to make the Eastern Neighbourhood a democratic, prosperous and peaceful region committed to European values and standards, where civil society is an integral part of democratic governance, an active participant in democratic reforms and a source of learning on democratic transition in the wider region. The EaP CSF ensures effective participation of the civil society of the Eastern Partnership and the EU in the process of planning, monitoring and implementing the Eastern Partnership policy in constructive dialogue with the EU and EaP decision-makers, in the direction of the democratic transition and European integration of the partner states.

How to apply and the procedures to follow

2.1.5. Applications

The applicants are invited to submit an application by the re-grant application form annexed to these guidelines (Annex A). They should then keep strictly to the format of the re-grant application form and fill in the paragraphs and pages in order. Applicants must apply in English.

Please complete the full application form carefully and as clearly as possible so that it can be assessed properly. Any error related to the points listed in the checklist of the re-grant application form or any major inconsistency may lead to the rejection of the application.

Clarifications will only be requested when information provided is unclear and thus prevents the contracting authority from conducting an objective assessment.

Hand-written applications will not be accepted.

Please note that only the application form and the published annexes which have to be filled in (budget, logical framework, experience and declaration on honour) will be transmitted to the evaluators. It is therefore of utmost importance that these documents contain ALL the relevant information concerning the action.

2.1.6. Where and how to send applications

Electronic submission via email

The full application form must be submitted in electronic format to the following email address at grants@eap-csf.eu. All the files must be included in a compressed file (e.g. *zip* or *rar*). The contact person of the Lead Applicant must also fill in the following brief form with the main information about the proposal at this link <u>https://forms.office.com/e/HJr8KQiiU9</u>.

Applicants must verify that their application is complete, as incomplete applications may be rejected.

2.1.7. Deadline for submission of full applications

The deadline for submission is: 10 November 2024, 23:59 CET.

2.1.8. Further information about applications

Questions may be sent by e-mail to the following e-mail address grants@eap-csf.eu, clearly indicating the reference of the call for proposals.

2.2. Selection of applications

Applications will be examined by an evaluation committee of the main action beneficiary with the possible assistance of external assessors.

If the examination of the application reveals that the proposed action does not meet the <u>eligibility criteria</u> stated in Section 2.1, the application will be rejected on this sole basis.

STEP 1: OPENING AND ADMINISTRATIVE CHECKS

During the administrative check, the following will be assessed:

- If the deadline has been met. Otherwise, the application will be automatically rejected.
- If the application satisfies all the criteria specified in the checklist in the regrant application form. This also includes an assessment of the eligibility of the action. If any of the requested information is missing or is incorrect, the application may be rejected on that **sole** basis and the application will not be evaluated further.
- The eligibility of applicants will be verified according to the criteria set out in Section 2.1.

STEP 2: EVALUATION OF THE APPLICATION

The applications that pass the opening and administrative checks will be further evaluated on their quality, including the proposed budget and capacity of the applicants. They will be evaluated using the evaluation criteria in the evaluation grid below. There are two types of evaluation criteria: selection and award criteria.

The selection criteria help to evaluate the applicant(s)'s operational capacity and the lead applicant's financial capacity and are used to verify that they:

- have stable and sufficient sources of finance to maintain their activity throughout the proposed action and, where appropriate, to participate in its funding;
- have the management capacity, professional competencies and qualifications required to successfully complete the proposed action. This applies to all applicants.

The award criteria help to evaluate the quality of the applications in relation to the objectives set forth in the guidelines, and to award sub-grants to sub-projects which maximise the overall effectiveness of the call for proposals. They help to select applications which the project beneficiary can be confident will comply with its objectives and priorities. They cover the relevance of the action, its consistency with the objectives of the call for proposals, quality, expected impact, sustainability and cost-effectiveness.

Scoring:

The evaluation grid is divided into Sections and subsections. Each subsection will be given a score between 1 and 5 as follows: 1 = very poor; 2 = poor; 3 = adequate; 4 = good; 5 = very good.

After the evaluation, a table will be drawn up listing the applications ranked according to their score. The highest scoring applications will be provisionally selected until the available budget for this call for proposals is reached. In addition, a reserve list will be drawn up following the same criteria. This list will be used if more funds become available during the validity period of the reserve list.

STEP 3: VERIFICATION OF ELIGIBILITY OF THE APPLICANTS

The eligibility verification will be performed on the basis of the supporting documents requested by the project beneficiary. It will by default <u>only</u> be performed for the applications that have been provisionally selected according to their score and within the available budget for this call for proposals.

- The declaration by the lead applicant will be cross-checked with the supporting documents provided by the lead applicant. Any missing supporting document or any incoherence between the declaration by the lead applicant and the supporting documents may lead to the rejection of the application on that sole basis.
- The eligibility of applicants will be verified according to the criteria set out in Section 2.1.

Any rejected application will be replaced by the next best placed application on the reserve list that falls within the available budget for this call for proposals.

2.3. Submission of supporting documents for provisionally selected applications

An applicant whose application has been provisionally selected or placed on the reserve list will be informed in writing by the main action beneficiary. The applicant will be requested to supply the following documents:

- 1. The statutes or articles of association of the applicant.
- 2. Legal entity sheet (see Annex F of these guidelines) duly completed and signed by the applicants, accompanied by the justifying documents requested there.
- 3. A financial identification form of the applicant conforming to the model attached as Annex G of these guidelines, certified by the bank to which the payments will be made. This bank should be in the country where the lead applicant is established.

If the abovementioned supporting documents are not provided before the deadline indicated in the request for supporting documents sent to the applicant by the EaP CSF Secretariat, the application may be rejected.

After verifying the supporting documents, the evaluation committee will make a final recommendation to the contracting unit within the main action beneficiary, which will decide on the award of grants.

2.4. Notification of the decision

2.4.1. Content of the decision

The applicants will be informed in writing of the decision concerning their application and, if rejected, the reasons for the negative decision. An applicant believing that it has been harmed by an error or irregularity during the award process may lodge a complaint by sending an email to: Tania Marocchi, Director, at email: <u>tania.marocchi@eap-csf.eu</u>. If amicable resolution is not possible, the applicant may lodge a complaint to the EaP CSF Compliance Committee at <u>complaints@eap-csf.eu</u>.

By signing the application form (Annex A of these guidelines), the applicants agree, if awarded a re-grant, to accept the contractual conditions of the standard re-grant contract.

If a Grantee misuses the re-grant in violation of the re-grant contract, the EaP CSF Secretariat reserves the right to withhold the final payment and may demand reimbursement of all or part of the instalments. If the Grantee is unable to deliver project activities or outputs as agreed, they must promptly notify the Secretariat, which will review the expenses and potentially require reimbursement.
