

EaP CSF COVID Re-granting Scheme

Overview of funded projects

Ukraine

UA_01: Diversity Ambassadors in Prykarpattya - antifragile support of vulnerable groups and civic activists in Transcarpathian region of Ukraine

Partner organisation: Youth organization “STAN”

Implementation period: 01 December 2020 – 28 February 2021

Increasing crisis management and digital skills of grassroots youth activists, educators, cultural managers, youth workers and social workers in order to promote pluralism, develop intercultural dialogue, and allow adaptation to new realities. Conducting 5 workshops on crisis management and digital instruments for vulnerable groups from small towns and rural areas in Transcarpathia, based on an analytical needs-mapping exercise.

UA_02: Cycling infrastructure as a response measure for the pandemic transport demand in Kyiv

Partner organisation: U-Cycle (Kyiv Cyclists' Association)

Implementation period: 01 December 2020 – 28 February 2021

Developing a COVID Cycling Network Action Plan to inform local authorities on how to improve cycling infrastructure in Kyiv, and organising an offline event (with livestream) with Kyiv city councillors who signed the ‘I vote for bikes!’ declaration during the local election campaign. Monitoring budget allocations for urban mobility and cycling projects in the 2021 city budget, and organising 2 informative lectures for local stakeholders on how to implement sustainable urban mobility and address the challenges posed by COVID in this area. The lectures will be posted online for wider distribution.

UA_03: Truth and Fiction about Coronavirus: COVID-19 disinformation in Ukraine

Partner organisation: NGO Detector Media

Implementation period: 01 December 2020 – 28 February 2021

Countering disinformation around COVID-19 circulating via traditional and social media by publishing bi-weekly monitoring reports complete with user-friendly infographics. Adding at least 30 informative news reports per month to the ‘Truth and Fiction about Coronavirus’ section of Detector Media’s website, which received 1 million visits in September 2020.
