

List of participants for the 9th Annual Assembly of the EaP CSF and the EaP Civil Society Conference, 25-27 October 2017, Tallinn, Estonia

This year, out of **469 applicants** for the Annual Assembly The Steering Committee has selected **168 organisations** either in the capacity of a participant or observer, in line with the eligibility guidelines (drawing on shortlists by the national platforms, the working group coordinators, and the European Union delegations in the six Eastern Partnership countries).

38 organisations (24,8% of the selected ones) **have not attended the Annual Assembly of the Forum in Brussels in 2016**, whereas **36 attendees** (23,5% of the selected organisations) are **new participants** who have never attended the Forum.

The organisations are divided **into Participants (with the right to vote) and Observers (without the right to vote)**. Only participants can vote during the annual meetings to select the Steering Committee of the Forum and on any other matter raised at the annual meeting. **Each participant or observer is part of a Working Group** in which activities he/she will be taking part at the annual assembly and throughout the year 2018 (annual Working Group meeting in the first half of 2018). The Working Group can only be changed after the annual assembly upon a written request to the EaP CSF Secretariat. Additional attendees outside of this list might be present, including but not limited to journalists, government officials, representatives of the EU institutions and EU partner country governments.

The list below contains the names of organisations only. However, please note that the delegates whose name were provided in the application form will be representing the organisations at the annual assembly. The organisation can change the delegate who will be attending the annual meeting of the EaP CSF only by informing the EaP CSF Secretariat in writing. The delegate cannot be changed after 31 July 2017 or after the ticket has already been bought (whichever happens earlier).

Working groups

1. Democracy, human rights, good governance and stability
2. Economic integration, convergence with EU policies
3. Environment, climate change and energy security
4. Contacts between people
5. Social and labour policies and Social dialogue
