

Smart Waist Management in EaP Countries

01.05-30.10.2017 project - follow up
Ukraine, Moldova, Georgia

GOOD DEEDS
NONGOVERNMENTAL ORGANIZATION

INTERNATIONAL BUSINESS AND
ECONOMIC DEVELOPMENT CENTER

National Environmental Center

Objectives

- Raise capacities and the awareness of leaders of household associations / condominiums in selected regions of UA, MD and GE on EU requirements on waste management
- Promote a constant dialogue between various target groups in order to promote the Laws of Waste which were adopted according to EU legislation and AAs signed with EU
- Disseminate experience on best examples in improving waste management in EaP countries at the level of 6 EaP countries using 6 National Platforms of CSF EaP

**National Endowment
for Democracy**

Supporting freedom around the world

Target audience

1. Community leaders (union of condominiums, home-owners associations, housing co-operatives), in total at least 190 who will reach to 20.000 households.
2. Economic entities and business associations which generate waste and are responsible to deal with waste and businesses which collect separately and recycle various types of waste, at least 50 representatives of economic entities and local/national authorities.
3. Local and national relevant authorities, at least 70 representatives.
4. WG 3 from all 6 EaP countries
5. Local population

Activities and results

1. Development of a guideline “Smart waste management for communities”
2. Carrying out training with community leaders.
3. Round table to increase capacities of target groups to implement Law on waste
4. East Partnership network development in waste management.

Thank you!
